Welcome Message

Dear colleagues and friends,

On behalf of the European Polymer Federation (EPF), the Hellenic Polymer Society (ELEP), the Institute of Electronic Structure and Laser (IESL) of the Foundation for Research and Technology-Hellas (FORTH) and the Department of Chemistry of the University of Crete, it is my pleasure to invite you to the **European Polymer Congress 2019 (EPF 2019)** to be held at the Creta Maris Convention Center & Beach Resort in **Hersonissos Heraklion Crete, Greece** on **June 9-14, 2019**.

EPF 2019 will bring together scientists working in all areas of polymer science and technology. Moreover, special thematic symposia are being prepared as well as special symposia between Europe and overseas countries. The program will include lectures by distinguished plenary and keynote speakers from all over the World, contributed oral presentations by both senior and younger scientists and engineers as well as oral and poster presentations by post-doctoral fellows, Ph.D. students and engineers working in industry. There will be an effort for the substantial participation of industry since it is our strong belief that the close collaboration between Universities, Research Centers and Industry is the key for technological advancement.

We are looking forward to welcoming polymer scientists from Europe and from all over the World to participate in the conference.

Spiros H. Anastasiadis

EPF 2019 Conference Chairman

President of the European Polymer Federation

CALL FOR NOMINATIONS

The EPF prize is awarded biannually to recognize outstanding accomplishments and excellence in research in polymer science and significant contributions to the strengthening of the polymer community

NOMINATIONS BY OCTOBER 1, 2018

Nominations are open to scientists of all nations regardless of the geographical location in which the work was carried out.

The nominees do not have to be members of the EPF Member Societies

The prize will be awarded for the first time during a special session at

For more details and the nomination procedure please visit: www.epfwebsite.org
